

“

The biggest impact of having WOTC automated with XXX is on-time form completion, which drives what we are eligible to receive in terms of tax credits. With 20-30 hires each week and even more during seasonal hiring, it's important that we can receive every tax credit for which we're eligible.

“

Our long-term partnership with XXX is built on trust. We always get what we need from XXX and the support they give us is phenomenal. We have never had any complaints because the relationship is stress-free, responsive and proactive — characteristics that make a relationship thrive.
